

# Introducing the EcoTracheostomy mask

## Everything you'd expect from a tracheostomy mask

### And less

Latex Free  
No phthalates  
No PVC

## Introducing the EcoTracheostomy mask.

A high quality, lightweight mask with a quick-release system for optimum ease of use. Our product also offers a little bit less than others.

### Less environmental impact

Because we don't use any PVC the environmental impact of the EcoTracheostomy mask is significantly less than other masks, in fact 82% less\*.

### Phthalate free

EcoTracheostomy is entirely free of phthalates.
